

Resiliency and Adaptation to Climate Change

ICEC Winter Workshop

February 12, 2022

Baker Teacher Leader Center, University of Iowa

The climate crisis is leading to dramatic changes across Iowa's landscape as our natural and human communities face unprecedented extremes in weather, from continual flooding to derechos, to extreme heat and lasting droughts. Environmental educators of all kinds need the skills and knowledge that will help them not only navigate the contentious environment surrounding climate change, but also foster meaningful behavior changes to benefit the collective work against climate change.

Join us to learn about innovative efforts to mitigate the impacts of climate change in Iowa and be inspired with ideas that can be implemented in your classroom and community. The in-person event will be February 12, 2022 at the Baker Teacher Leader Center, University of Iowa. Online content will be posted on the ICEC website throughout February.

Featured Speakers

Cornelia Mutel

Author of *A Sugar Creek Chronicle: Observing Climate Change from a Midwestern Woodland* (Iowa, 2016), *Fragile Giants: A Natural History of the Loess Hills* (Iowa, 1989) and *The Emerald Horizon: The History of Nature in Iowa* (Iowa, 2008) and the editor of *A Watershed Year: Anatomy of the Iowa Floods of 2008* (Iowa, 2010), among many other books. She is a retired Senior Science Writer at IIHR-Hydroscience & Engineering at the University of Iowa College of Engineering.

David Cwiertny

Research Engineer, IIHR--Hydroscience & Engineering and past Director, Environmental Policy Research Program, Public Policy Center Researcher, and Researcher, Environmental Health Sciences Research Center.

Registration

Registration includes lunch and breaks. Thanks to the University of Iowa College of Education's generous support that allows us to keep the cost low. [Register here](#), or learn more on the [WW 2022 website](#).

ICEC Member, in person **\$50**

Nonmember, in person **\$60**

Student \$25

Online only \$25

Notes

- \$10 late registration fee charged after January 31, 2022.
- All cancellations received before February 5, 2022, subject to a 25% cancellation fee.
- All cancellations received February 5, 2022 or later subject to a 50% cancellation fee.

Recertification Credit

One recertification credit is available to teachers who attend and complete additional online work before or after the workshop. Participants can choose between reviewing resources and/or viewing videos related to workshop content. Reach out to barb.gigar@dnr.iowa.gov with questions. Register through your [AEALearning account](#) for credit. [Course link](#).
